

Louet Wheel Promo

Consumer Wheel Promotion

(effective 18 March 09 thru 31 July 09)

(available in North America only)

Louet North America is introducing a manufacturer's rebate program. LNA is now offering a \$200 FREE Fiber Coupon for LNA hand spinning fiber with the purchase of any Louet Julia or Victoria Wheel. (Fibers must be in stock items only) This is a manufacturer's rebate program - direct to consumer. A consumer coupon will be included with every wheel.

After the purchase of a Louet Julia or Victoria wheel, at full retail, the consumer must mail to LNA, the coupon and a list of fibers valuing \$200 retail. LNA will ship these fibers directly to the consumer, with no additional costs to the consumer.

Alternatively, retailers who have LNA fiber on hand, can also redeem the coupon with fiber from their own stock and then the retailer can mail in the coupon, to LNA, for a fiber credit with LNA. The consumer would need to endorse this transaction by signing over the rights of the coupon and acknowledging receipt of the \$200 of fiber from the retailer.
